

Spring 2009

Peninsula Musicians honored on banners this summer

Every year, in partnership with the San Diego County Fair, the Point Loma Association installs new banners to advertise the Fair theme. This years theme is Music Mania. The PLA administers the banner district in the peninsula area on major thoroughfares such as Rosecrans, Harbor Drive, and Shelter Island.

To celebrate the theme, the banners will feature pictures of notable people in the field of music or music education in each community from May through July. PLA administered the nomination process, and received 75 nominations. Of those, 32 musicians, listed below, were selected. We are planning an April reception in their honor, and will feature their photos at our Annual Dinner on May 19.

We would like to thank all of the fans of our very special musicians for sending nomination forms. Please join us in congratulating the winners for their efforts and accomplishments in the field of music or music education and watch for their banners this summer!
